

Help everyone you know to make a plan to vote!

One of the most effective ways to Get Out the Vote is to reach out to people we know, make sure they have the information needed to vote, and encourage them to do so.

Here is a script you can use to call, email, or text your family, friends, and neighbors.

Hi,

I just wanted to check in because Election Day is coming up, and it's really important that we all make a plan to vote. New Jersey makes it pretty straightforward, but it helps to think ahead so nothing gets in the way on the day.

Do you know yet if you're planning to vote early, or in person on Election Day?

- Early Voting: NJ has in-person early voting at select polling locations. It's a great option if Election Day might be busy for you.
- Election Day: Polls are open 6 AM to 8 PM. If you're in line by 8 PM, you can vote.

If you Vote by Mail have you mailed your ballot yet? Let me know if you have questions.

I'm making my own plan, and it would be awesome if we both did this together. Do you want to pick a time and either go vote early or head to the polls on Election Day?
